

Dear parent,

Your child is attending summer school this holiday. That's great news!
We would like to ask you and your child some questions about this summer school. We have been asked to do this by the Flemish government. The aim of our study is to learn how summer schools can be organized even more effectively in the future!

There are two different questionnaires: one for you and one for your child. Both questionnaires can be accessed online. You can find them by scanning the QR codes on the Dutch letter you have received at the summer school of your child. You can also copy the links into the browser of your smartphone, tablet or computer.

The questionnaires are fully anonymous. Each questionnaire takes about 5 minutes to complete.

The questionnaire intended for you, as a parent.

Please, use the QR code or the link printed on the Dutch version of this letter.

The questionnaire intended for your child

Please, use the QR code or the link printed on the Dutch version of this letter.

If you have more than one child attending the summer school, you may choose for which child you want to fill in the questionnaire. If you want to fill in the questionnaire for more than one child, you have to delete the cache in the browser memory between entries. You can also choose to use a different browser or device each time.

If you have a young child attending summer school, it might be necessary to assist your child in completing the questionnaire. Thank you in advance!

In order to get a good impression of your child's summer school, the Flemish government will provide our research team with some supplementary anonymized data from its databases. In order to retrieve these data from the databases, we ask to be allowed to use your child's national registration number. The collected data cannot be linked individually to the answers to the questionnaires. After all, these will be filled out anonymously. Please fill in the form below and return it as soon as possible to the person in charge of your child's summer school. More information can be found at: excel.thomasmore.be/summer-schools/privacy (Dutch only).

We are interested to hear from you and your child about the summer school. We hope that we may rely on your cooperation as well as a little share of your time. Thank you very much in advance!

The research team Summer Schools of the Thomas More University of Applied Sciences
